# **ITCHING PIMPLES**

And Blackheads. Itching and Burning Almost Unbearable. So Disfigured Ashamed to Go Out. Cuticura Soap and Ointment Healed.

63 Morrell St., Brooklyn, N. Y.—"Pimples and blackheads began to come on my face. A few weeks later my face was full of them. They looked like big blotches. The itching and burning that the pimples caused me would be hard to describe. It was almost unbearable and I was so disfigured that I was ashamed to go out. I could hardly sleep at night they hurt so. "I tried many remedies

but all falled to help. I had had the trouble for about three years when I saw a Cuticura advertisement in the paper, and started to use them. I was surprised to see the result. In a month my friends could hardly recognize me I was so much changed. Before going to bed I would bathe my face in warm water with Cuticura Soap, dry it and put the Cuticura Ointment on. Cuticura Soap and Ointment healed me in three months." (Signed) Hyman Novins, August 7, 1914.
